ABOUT ME

I am a motivated front-end developer seeking an internship opportunity, with a foundation in React and TypeScript. I aim to contribute to a professional team by building responsive user interfaces, writing clean and maintainable code, and continuously improving my front-end development skills.

EDUCATION

Bachelor of Engineering in Information Technology 2021 – 2026
Industrial University of Ho Chi Minh City (IUH) Ho Chi Minh City, Vietnam

SKILLS

Programming Languages: JavaScript, TypeScript.
Front-end: ReactJS, Ant Design, TailwindCSS, HTML, CSS.
DevOps & Tools: Git, Github.
Database: MySQL, MongoDB.

PROJECTS

Key Nexus E-commerce (Team Project) 2026 – Present
An e-commerce web application currently under development that allows users to browse products and manage shopping data through a modern interface.
GitHub: https://github.com/nthuwng/key-nexus-fe
Team size: 3 members (1 Backend, 2 Frontend)
Responsibilities:
Developed responsive front-end interfaces using React, TypeScript, and Ant Design.
- Implemented CRUD functionality for product management.
- Integrated RESTful APIs provided by the backend service.
- Built reusable UI components and handled form validation.
- Tested and debugged API requests using Postman.

Technologies:
React, TypeScript, Ant Design, REST API, Postman, Git
